

Merge Road Trip 2023
Wednesday Morning Thoughts
Reflection Questions

With the pen and piece of paper provided, think of and write down a statement, quote, idea, or saying that: sounds good or you've believed as "true" or you're tempted to believe is true.

Once written down, draw a line from it to another spot on the paper and write down who or where you first came across that idea?

Draw another line from that spot to another spot on the paper and note if that person is a follower of Jesus or not.

If you're not sure about an answer to either of the last two questions, draw another line from the first answer to another spot on the paper, and write down someone you could ask about how that idea or "truth" fits with following Jesus or not. Then, ask that person, so that you can pursue what is really true from God's perspective.
